

Meet Your Guide: Cypress Hansen

Founder, North Star Naturalist

Hello! I'm Cypress Hansen — a naturalist guide, science communicator, and lifelong learner.

Raised in the desert, educated on the coasts, and happiest on the trails, I've dedicated my life to sparking curiosity, care, and reverence for nature through immersive, guided experiences.

Whether we're exploring tidepools, hiking through fragrant sage scrub, or walking among wildflowers, I design every tour to be relaxing, inspiring, and unforgettable.

I hold degrees in Marine Science and Science Communication, and I'm a Certified Interpretive Guide with Wilderness First Aid training. With me, you can expect an experience that's professional, fascinating, and most importantly, safe.

My past work includes positions at the Smithsonian National Museum of Natural History, the San Diego Natural History Museum, and the Monterey Bay Aquarium.

Join me to discover the vibrant ecosystems that make San Diego one of the most biodiverse regions in the United States. After one tour with me, you'll never look at nature the same way again.
